<b>Site Name:</b>	Mackeral Beach		
<b>Location:</b>	Pittwater	<b>LGA:</b>	Northern Beaches
<b>Date of activity:</b>	17/10/2020	<b>Hectares treated:</b>	0.025
<b>Floating Landcare Program Partners:</b>	Jude Morris (NPWS)	<b>Number of Volunteers participated:</b>	11
<b>Summary of on ground works</b>	<p>11 Volunteers attended the activity. Half of the group worked on the foredune treating African Olive while the remaining volunteers ventured across the tidal creek, treating Green Cestrum, Cassia and Bidens. Werner, Floating Landcare Volunteer said, "We had a great day at Mackerel Beach on Saturday. Good to be on the river again, doing some bushcare. The site is looking good even after minimal volunteer visits in the past year."</p>
