

LOWER McKELL PARK, BROOKLYN

STAGE 2 AMENITIES UPGRADE

Council will shortly undertake amenities upgrade works at Lower McKell Park, Brooklyn to provide universal access, to modernise the existing amenities building and to incorporate an accessible toilet.

Construction is expected to commence in late August and extend to mid November 2022.

Construction will be staged to allow for one side to be open at a time. Works will begin on the mens change room and will be followed by the womens change room.

Temporary amenities will be provided nearby the turning head of Danger Road.

Footpath access will be maintained during construction however there will be some vehicle movements required within pedestrian areas. Please take care during these times.

If you require any further information please contact Council's Landscape Architect / Project Manager Katie Leung on **9847 6893** or visit Council's website at <https://www.hornsby.nsw.gov.au/council/noticeboard/works/park-playspace-projects>
