

Explore Ginger Meggs Loop Walk

**THROUGH MAJESTIC BLUE GUM
DIATREME FOREST IN HORNSBY**

GINGER MEGGS LOOP WALK

This 1km walk is the perfect place for anyone new to bushwalking to explore Hornsby Shire's beautiful environment. Walking along a moderately-steep fire trail and a bushwalking track with some steps, you will be surrounded by Blue Gum Diatreme Forest, a type of Blue Gum High Forest of outstanding beauty and rarity that grows nowhere else on planet Earth, except in this valley. From the rich forest floor up to the tallest of trees, listen and look for an amazing variety of birds and other wildlife as you immerse yourself in nature.
