Dear Resident / Business Owner

Shared Pedestrian / Cycleway Path Construction - Beecroft Community Centre to Cheltenham Railway Station

As part of its commitment to improving facilities and services for residents, Hornsby Shire Council has engaged civil contractor Mack Civil to construct a new shared pedestrian / cycleway path and associated roadworks between Beecroft Community Centre and Cheltenham Railway Station.

Please refer to the attached route map. You can also view more information about this project at:
<https://www.hornsby.nsw.gov.au/council/noticeboard/works/infrastructure-works/proposed-works/Pennant-Hills-to-Epping-Shared-Footpath-and-Cycleway-Route-B>

Construction works are scheduled to commence early March 2022 and is expected to be completed by late 2022 (subject to inclement weather).

It is proposed that works will commence at Beecroft Community Centre, progressing through The Village Green. Works will then continue along The Crescent before terminating at Cheltenham Road, Cheltenham. Other works associated with the installation of the shared path include:

- The construction of raised boardwalk sections to minimise impact to existing trees;
- Kerb and gutter construction on the railway side;
- Road pavement repairs and resurfacing;
- Lighting for the shared path and the overall upgrade of lighting along The Crescent to meet Australian standards;
- The installation of pedestrian refuge islands near The Promenade and Cheltenham Road.

Traffic control and temporary traffic calming devices will be implemented throughout the course of construction for the safety of the community and contractors. Your cooperation is sought to travel slowly in the vicinity of the works paying particular attention to warning signs and the direction of workmen on site. Pedestrian access will be managed locally by the contractor.

We apologise in advance for any inconvenience that may be caused throughout the duration of the project.

If you have any queries at all regarding the works, please do not hesitate to contact me directly on 9847 6682 for more information.

Yours faithfully

Stephen Leung
