

LOWER McKELL PARK, BROOKLYN

STAGE 2 - ACCESS UPGRADE WORKS - CONSTRUCTION NOTIFICATION

Council will shortly undertake access upgrade works at Lower McKell Park, Brooklyn commencing mid July extending to September.

The upgrade will include the installation of a new outdoor shower, stair upgrades, general pathway upgrades and the installation of further seating opportunities. Access to the baths perimeter boardwalk will also be upgraded and widened.

The construction fencing will be adjusted as needed as we progress to maintain pedestrian access where possible through to the point, the baths, picnic areas and to maintain access to the amenities building. At times some areas may have limited access due to construction activities.

We appreciate your understanding and patience while works are undertaken.

If you require any further information please contact Council's Landscape Architect / Project Manager Katie Leung on **9847 6893** or visit Council's website at <https://www.hornsby.nsw.gov.au>
