#### Achievements

- Going Solar workshop: 50 residents attended 'Going Solar' workshops about solar panel installation and saving money on electricity bills.
- Water efficiency in businesses: Council's project to improve water efficiency helped 45 businesses save more than 121 kilolitres per day with estimated savings of \$81,489.
- Solar panels: Council will shortly install solar panels at Willow Park Community Complex and Hornsby and Epping Libraries.
- Energy efficient LED lighting upgrade: Energy efficient LED lights have been installed at the Brickpit Stadium, the Council Works Depot and Epping, Pennant Hills, Berowra and Galston libraries. This saves about 275,000 kWh and \$67,000 per year.
- Hawkesbury River foreshore clean-up:
   110 volunteers removed 4.7 tonnes of rubbish and
   200 tyres from the shoreline mud, with the support of
   Council and Macmasters Beach Surf Life Saving Club.
- Seagrass protection: 12 seagrass/shallow water yellow buoys were refurbished to protect seagrass beds off Dangar Island, Brooklyn Harbour and Kangaroo Point.
- Estuarine vegetation: An assessment was undertaken of bushland quality in 14 reserves near the Lower Hawkesbury riverbank to plan for future restoration works.
- Daily swimming conditions: Daily swimming advice on water quality is available on Council's website and app.
- Estuary health: Daily monitoring of estuary health is displayed on Council's website.
- River shoreline erosion: An assessment was completed for riverbanks between Wisemans Ferry and Spencer, which indicated that the riverbank is in good condition and identified areas needing remediation.
- Stormwater quality improvement works: Five new devices have been constructed, including large end-ofpipe biofilters at Mount Colah and Cherrybrook and a large gross pollutant trap in Castle Hill.
- Removing waterway pollutants: More than 934 tonnes of waste were captured by 431 stormwater quality improvement devices before it reached our waterways.
- Reduced water consumption: Council's water consumption decreased by 16,835kL compared to the preceding 10 year average. Council has committed to a water reduction goal of 10% by 2022.

- Stormwater harvesting: A preventative maintenance program was introduced to ensure Council's water re-use facilities are reliable to continue water saving and reuse on five sportsgrounds.
- Water quality: Council monitors water quality and the health of our creeks at more than 50 sites across the Shire. It also monitors the quality of water that has been harvested, treated and used for irrigation on council ovals and the community nursery as well as the treated water from stormwater quality improvement works.
- Catchment Education Primary Schools program: 2,655 students from 17 schools participated in Keep Australia Beautiful NSW's EnviroMentors Catchment Action module raising awareness of the impact of stormwater pollutants entering our local waterways.
- Research partnership recognition was received for Council's strategic commitment to the 'Cities as Water Supply Catchment' research program from the Cooperative Research Centre for Water Sensitive Cities.
- Bushfire management: The 2013-2014 Manual Hazard Reduction and Fire Trail Maintenance Program was completed, including works on asset protection areas incorporating 71 individual sites.
- A new bushfire education trailer was displayed at community events including the Healthy Living Festival.
- Bushland restoration of more than 110ha of Bushland in more than 60 reserves in Hornsby Shire through 22 grants and Council contributions.
- Restoration of roadside vegetation: Weed removal and revegetation occurred at 19 roadside sites in Arcadia, Galston, Laughtondale, Wisemans Ferry, Dural, Thornleigh, Normanhurst, Epping, Cherrybrook and Pennant Hills.
- Awards for excellence: Council's Community Nursery won the Best Government Nursery in NSW and ACT Award from the Nursery and Garden Industry Australia. It was also one of four finalists for the nation-wide award.
- Council received a Highly Commended Award in the 2013 Local Government Excellence in the Environment Awards for its 'Restoration of Roadside Corridors and Vegetation Linkages in Hornsby Shire'.
- Hornsby Mountain Bike Trail: Stage 2 trail was completed in June 2014 adding 2.4 km to the trail making an overall 5.9 km. Over 50,000 laps have been ridden to date.

- Hornsby Mountain Bike Trailcare volunteers: Council staff and Trailcare volunteers, along with Sydney North Off Road Cycling Club, undertook regular trail audits and maintenance days.
- Bushland Management Advisory Committee supported Council by providing community input to projects including the former tip revegetation and topsoil translocation, One Tree Reach wetland boardwalk and cemetery restoration.
- Bushcare celebrated 25 years with more than 800 volunteers restoring 77 hectares of bushland. Three new sites commenced this year and volunteer numbers increased by about 8%.
- Kids bushwalk program: 'Echidna Kids' bushwalks commenced as a free school holiday activity.
- Free guided bushwalks: 350 people attended 32 free guided bushwalks during 2014.
- Community Nursery volunteers propagated more than 40,000 native plants for use in our reserves and community programs.
- Eastern Pygmy Possum nest boxes: 11 sites were monitored to investigate the presence of the Eastern Pygmy Possum, an endangered species.
- One Tree Reach Wetland: A grant funded boardwalk and viewing platform were installed to provide public access to the One Tree Reach wetland. The wetland was restored and water quality improved through a small weir to improve habitat for aquatic fauna and waterbirds.
- Asset protection zone for the new Hornsby Aquatic Centre: As this large infrastructure project approaches completion, the restoration and management of the bushland Asset Protection Zone is in place.

- Assessment of developments and biobanking: Major projects assessed by Council for their impacts on biodiversity included the North West Rail Link, Epping to Thornleigh Third Track rail works, M2 widening and NorthConnex investigations. The railway projects have led to a Biobanking agreement where Council receives a substantial commitment to restore bushland that offsets the impacts of the projects on native vegetation.
- Green offsets code aims to allow for development whilst achieving no net loss of native vegetation.
   Over \$60,000 in offset funds were received to restore bushland under this program.
- Waste reduction workshops: 890 residents attended approximately 40 events.
- Ready Set Grow schools program: 28 primary schools were involved with creating sustainable veggie gardens over 84 school visits.
- Recycling: 51% of all waste materials collected (equating to 36,658 tonnes) were recycled.
- Illegal dumping: 340 lots of dumped rubbish have been recovered, including 31 tonnes of wood mulch, 2.4 tonnes of hazardous waste and 40 tonnes of other rubbish.
- Recycling bin checks: Bin audits commenced to identify areas where Council could work to improve the quality of recycling generated from the Shire. More than 18,000 households have received an audit.
- Compost Revolution: 195 residents have joined the Compost Revolution to reduce household food waste.
- Food Lovers Republic: 183 residents have joined this program aimed at avoiding the generation of food waste.
- E-waste recycling recommenced November 2013 resulting in approximately 70 tonnes of E-waste collected and recycled.

## Community Nursery and Bushwalk Coordinator Natural Resources Branch

The staff at Council's Community Nursery do their part in helping to create and maintain a healthy natural environment by growing around 45,000 native plants each year that are then planted at locations around Hornsby Shire including Bushcare sites, local schools and are offered at free plant giveaway days for residents. Council also offers opportunities for the public to get involved in Bushcare volunteering, free guided bushwalks and growing native seedlings for use at the Eco Garden and in Council projects.

Ross

"Our goal is to help to leave the environment in Hornsby Shire in a better state for future generations."
