REFERRAL OF TRAFFIC MATTER FOR COMMENT OR OBJECTION, IF ANY

SUMMARY

This report details the traffic implications for the installation of parking restrictions in the turning head and at the entry of Werombi Road and Cowan Road in Mount Colah, to improve traffic flow and access for Council's waste management vehicles.

SUBJECT

Council's waste management services have reported that the rezoning of Werombi Road and Cowan Road and recent construction of residential units has created difficulties for service vehicles turning at the end of the roads. Although some of the sites are yet to be developed the parking is occurring in the cul-de-sacs and near the intersections with Pacific Highway.

To address the issues, it is proposed that:

1. 'No Parking' restrictions be installed in the turning head of the cul-de-sacs of Werombi Road and Cowan Road.
2. 'No Stopping' restrictions be installed in Werombi Road and Cowan Road at the intersection with Pacific Highway.

PUBLIC CONSULTATION

The properties in both roads are subject to redevelopment in accordance with Council's Housing Strategy with majority of the sites currently under construction. The future residents will benefit from the parking restrictions by having access to the turnaround area and improved access and traffic flow at the intersections with Pacific Highway.

RECOMMENDATION THAT

1. 'No Parking' restrictions be installed in the turning head of the cul-de-sacs of Werombi Road and Cowan Road as per plan No LTC 03/2018a and LTC 03/2018b.
2. 'No Stopping' restrictions be installed in Werombi Road and Cowan Road at the intersections with Pacific Highway as per plan No LTC 03/2018a and LTC 03/2018b.
