OUR FRAMEWORK

Community Strategic Plan with 4 year Delivery Program

Your Community Plan 2013-2023

In June 2010 Council adopted its first Community Strategic Plan after many consultations with the various communities of Hornsby Shire.

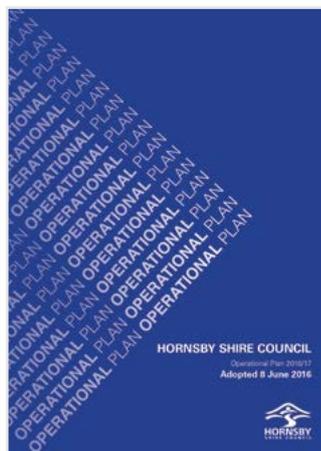

Our second plan, Your Community Plan 2013-2023, was adopted in June 2013 after further consultation to fine tune community aspirations and needs.

Your Community Plan provides Council with the strategic direction to align all of its policies, plans, programs and services and is a guide for others when planning services for the area.

The Delivery Program is Council's commitment to the community over 4 years – the length of Council's term. It outlines what Council intends to do towards achieving the community's priorities by undertaking a range of Services.

The Plan addresses community outcomes across five themes:

- my environment
- my community
- my lifestyle
- my property
- my council

Operational Plan

The Operational Plan outlines in detail the Key Actions Council will undertake in the financial year and the resources required to implement them.

The format of Council's Operational Plan is based on the Services Council will deliver. Each Service includes a service profile and a Service Delivery Indicator to measure success.

Resourcing Strategy

The Resourcing Strategy outlines information on the time, money, assets and people required by Council to progress the Projects within the Delivery Program and move towards achieving our community outcomes.

It incorporates the following three components:

- Long Term Financial Plan
- Asset Management Framework
- Workforce Plan.

OUR FRAMEWORK

Quarterly and Annual Reports

Performance of the Key Actions under Services in the Delivery Program is reported to Council each six months.

Council also receives quarterly budget reports to track its financial health and ensure Council remains on track to meet its outcomes.

The Annual Report outlines Council achievements in implementing the Delivery Program and also includes a range of statutory information Council is required to report on under the Local Government Act 1993 and Local Government (General) Regulation 2005.

On 1 October 2009, the NSW Government adopted Integrated Planning and Reporting (IP&R) legislation for local councils. The framework allows councils to build plans of appropriate size, scale and content for their communities and is demonstrated in the diagram below.

The IP&R framework recognises that most communities share similar aspirations: a safe, healthy and pleasant place to live, a sustainable environment, opportunities for social interaction, opportunities for employment and reliable infrastructure. The difference lies in how each community responds to these needs. It also recognises that council plans and policies should not exist in isolation and that they in fact are connected.

This framework allows councils to draw their various plans together, understand how they interact and get the maximum leverage from their efforts by planning holistically for the future.

This Annual Report has been prepared in accordance with the IP&R framework. It is one of the key accountability mechanisms between Council and our community and also contains information which is important to assist our community in understanding how Council is performing both as a business entity and community leader.

'A Snapshot of the Hornsby Shire in 2016', a separate published document, also forms part of this Annual Report and can be found on Council's website at hornsby.nsw.gov.au/council/about-council/corporate-documents-and-reports/a-snapshot-of-the-hornsby-shire.

FROM THE MAYOR

Welcome to your Annual Report for 2015/16. In this report we are sharing some of our achievements from the past year. There have been many highlights, including:

- **New Hornsby Station Footbridge.** Commuters, local businesses and residents would be well aware this major piece of infrastructure is well underway. This project will also include an upgrade of the Florence Street end of Hornsby Mall. Council thanks everyone for their patience during these works and, in particular, the local businesses in the construction zone.
- **Moving forward with Hornsby Quarry.** When I commenced as Mayor this was a huge problem with no obvious solution. However, through working closely with state government, and in particular the local member Matt Kean, we now have a vision to deliver one of the finest parklands in Sydney if not New South Wales. This massive project is estimated to take eight years and the first step to remediate the site has now commenced. Importantly, I must add that this project is fully funded.
- **The completion of the Hornsby Mountain Bike Trail in Old Mans Valley, Hornsby.** This track has been a huge success attracting thousands of riders. Recently, Council worked with RMS and the cycling community to come up with a plan to keep the trail open during remediation work at Hornsby Quarry. The solution was to temporarily close the trail for re-alignment. Once reopened, there will be a new entry point in Hornsby Park and longer loops for beginner and novice riders.
- **The purchase of the Sydney Water site at Westleigh.** Last December, Council purchased 34 hectares of land at Westleigh for \$21 million, with the intention of turning it into sports fields and recreation space. Council has wanted this land for many decades and thanks to great co-operation with the state government, we were able to secure it. The site will now be remediated and Council will consult with sporting groups and the local community to work out what is the best for this site.
- **Installation of synthetic grass at number three oval, Pennant Hills Park, Pennant Hills.** We have received tremendous feedback from local sporting clubs about this new all-weather venue. The project also delivered an underground stormwater tank for irrigation, bio filtration basins, new perimeter fencing, an upgraded carpark, footpaths and floodlights. This new surface and upgrade will ensure this facility can be used for many decades to come.

None of this would be possible without sound financial management. This has been a key focus for everyone at Council. We have regularly undertaken reviews, which have turned Hornsby Shire Council into one of the best performing Councils in the state. Importantly, it has also ensured we will have a sustainable financial future.

The last few months have been a tumultuous time for local government employees, elected representatives and residents as everyone adjusts to the State Government's Fit For The Future announcements. Change is never easy and no doubt there will be many challenges ahead of us as we head into a new era for local government.

I have always supported the idea of amalgamation and I am looking forward to seeing the benefits it will deliver.

I would like to conclude by adding that it has been an honour to serve the local community for the past four years and I thank everyone for their support and their feedback (positive and negative!) during this time. I also thank my fellow councillors for their time and commitment. These highlights show we have achieved a great deal this year and certainly have contributed to Hornsby Shire being one of the greatest places to live, work and play in Australia.

Steve Russell

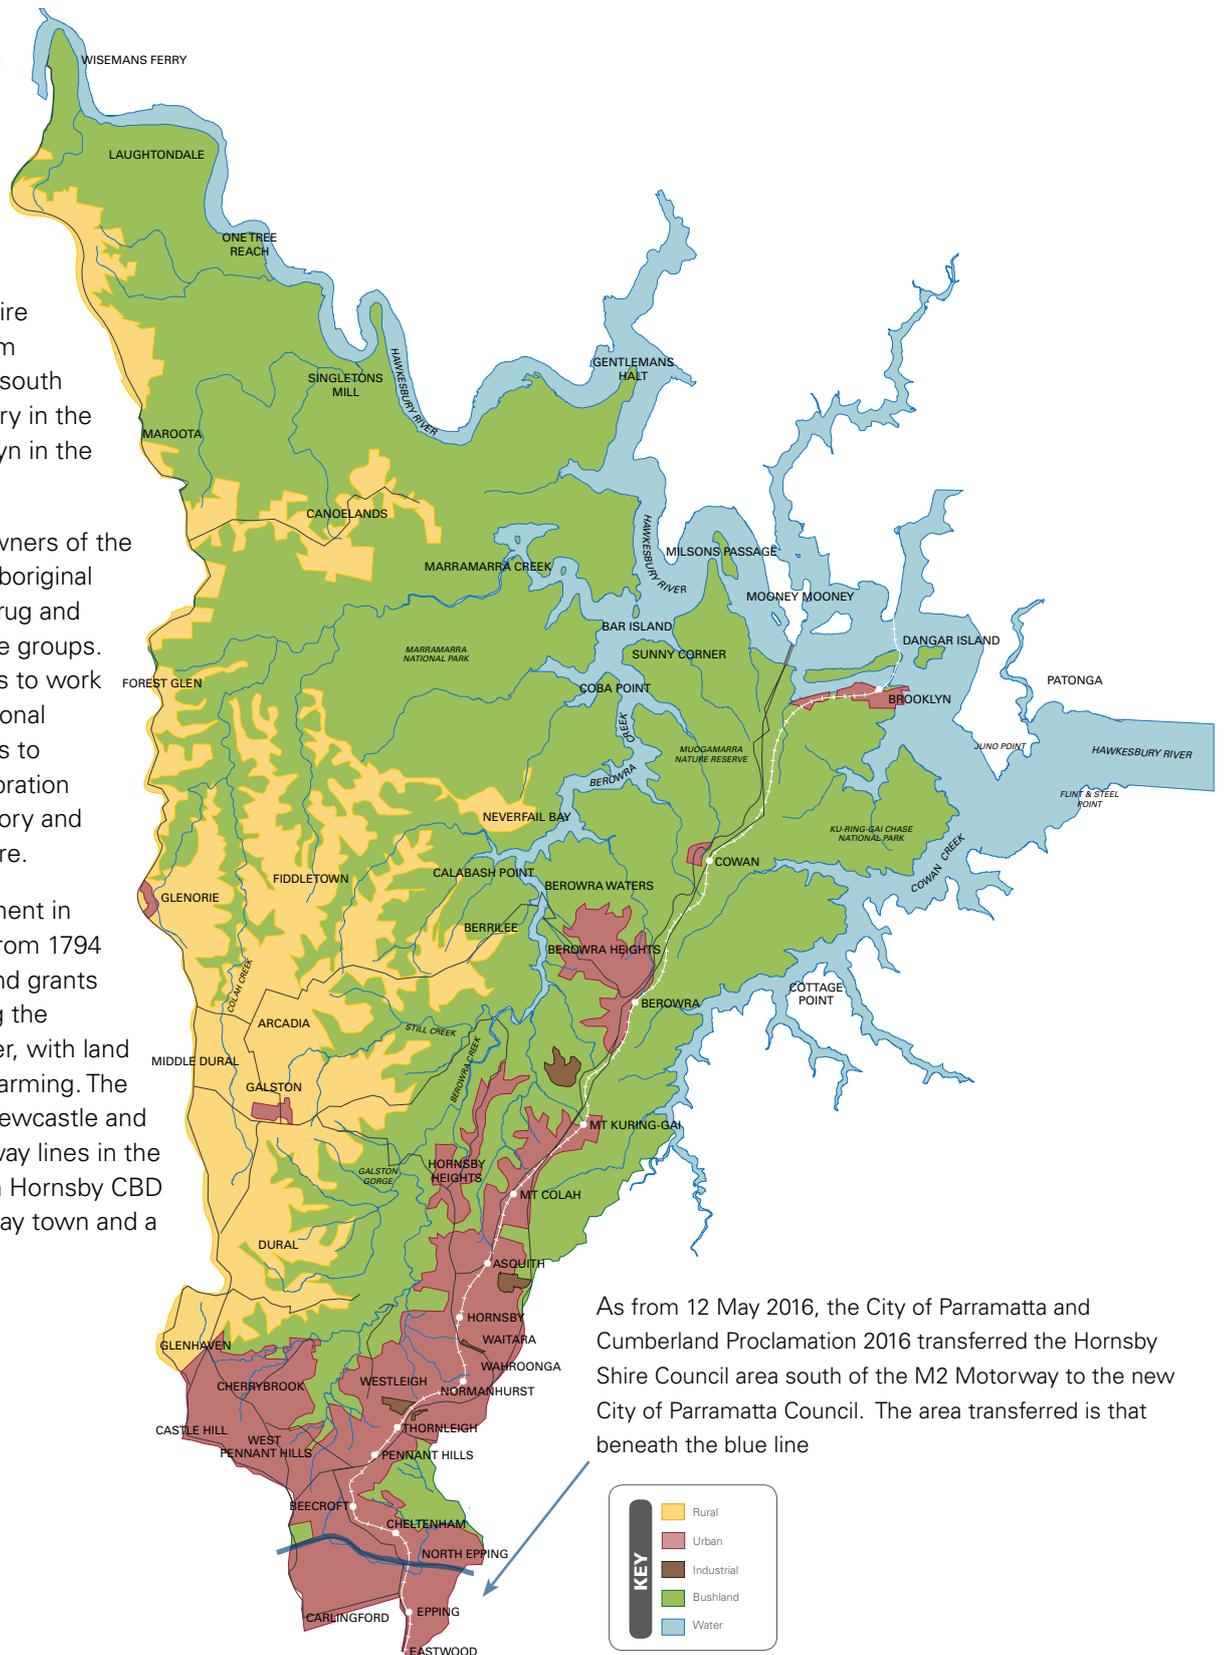

Mayor of Hornsby Shire Council

ABOUT OUR AREA

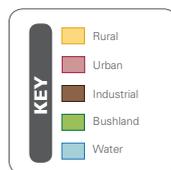

The Hornsby Shire region covers an area of 510 square kilometres, with nearly two-thirds of its area comprising national park and bushland. The Shire includes land from Eastwood in the south to Wisemans Ferry in the north and Brooklyn in the east.

The traditional owners of the Shire were the Aboriginal people of the Darug and Guringai language groups. Council continues to work with these traditional landholder groups to support the celebration of Aboriginal history and culture in the Shire.

European settlement in the Shire dates from 1794 when the first land grants were made along the Hawkesbury River, with land used mainly for farming. The opening of the Newcastle and North Shore railway lines in the 1890s resulted in Hornsby CBD becoming a railway town and a major centre.

As from 12 May 2016, the City of Parramatta and Cumberland Proclamation 2016 transferred the Hornsby Shire Council area south of the M2 Motorway to the new City of Parramatta Council. The area transferred is that beneath the blue line

How Council works

Councillors are elected by the people of Hornsby Shire to represent the interests of residents and ratepayers, provide leadership and guidance to the community and to encourage communication between Council and the community.

The elected council for Hornsby Shire consists of 10 councillors comprising a popularly elected Mayor and nine councillors.

Local government elections are generally held every four years and were due to be held in September 2016. However, due to the State Government's 'Fit for the Future' Local Government reforms, and the Minister for Local Government's in principle support for the merger of Hornsby Shire and Ku-ring-gai Municipal Councils to proceed subject to legal proceedings, the next election has been delayed.

The General Manager is the chief executive officer of the Council and is responsible for the operation of the Council's organisation and for implementing decisions of the Council and its policies as well as the day-to-day management of the organisation.

Meetings open to the public

Council holds one meeting per month (no meeting in January). The meetings deal with all matters including planning issues and are held every second Wednesday of the month at 6:30pm.

All meetings are held in the Council Chambers, 296 Peats Ferry Road, Hornsby.

Members of the public are welcome to attend. The Chairperson at Council meetings is the Mayor, or the Deputy Mayor if the Mayor is absent.

- Free guided bushwalks program expanded by 50% to meet community demand through the introduction of 'winter walks'.
- 434 people participated in 37 free guided bushwalks during the year.
- The total number of Bushcare volunteers registered on Council's database is over 600.
- The Community Nursery propagated 47,525 plants this year, with over 28,000 being despatched to the community and used in public land projects.
- Hornsby Shire Environment Festival held in Berowra in June 2016.
- Council and Sydney Water worked in partnership to transform Hookhams Corner, the intersection of Galston Road and Pacific Highway. While Sydney Water replaced the fence, Council planted a number of trees and more than 350 plants, most of which came from our Community Nursery at Pennant Hills.

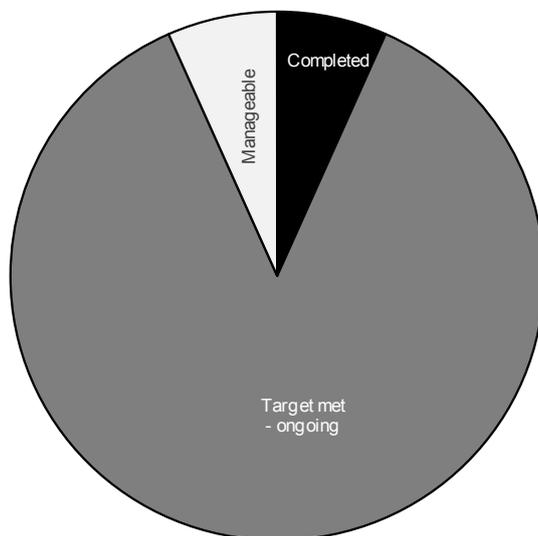

MY ENVIRONMENT

- 102 volunteers participated in 10 field trips collecting 4.63 tonnes of marine litter along 17km of Lower Hawkesbury foreshore. The volunteers included local and country schools, youth groups and oyster farmers through the Clean4Shore initiative.
- Historical information on the health conditions of the river, and swimming conditions, at 11 sites are now included on Council's website and data portal.
- The State Government gave Council 74 hectares of land valued at more than \$22 million, which will be used for bushland conservation and open space. The land consists of 29 parcels which are along Terrys Creek, an important wildlife corridor; Devlins Creek, where future cycling and walking trails will be possible; and at Galston featuring spectacular gorge country with many threatened species.
- The total community water consumption for Hornsby Shire in 2015/16 was 14,519,048 kL, or 233L per capita per day. *(Community water = units, houses, flats, industrial, commercial)*
- Council has joined forces with Hills M2 Motorway to restore sections of bushland in Beecroft Reserve.
- Stage 2 of restoration works on Hornsby Heritage Steps finished in July 2016.
- Council joined forces with City of Ryde Council to rehabilitate and restore a section of Terrys Creek which adjoins both councils. The project cost of \$250,000 was split between the two councils.
- 41 hectare biobank site created at Thornleigh's Dog Pound Creek with \$1.3 million grant from the NSW Government. The grant will help weed control at the site noted for its community of critically endangered Sydney Blue Gums.
- To maintain and protect our waterways from sediments washing off building sites, Council's Environmental Compliance Officers have proactively inspected 304 construction sites this year.

Threatened Species Conservation Act 1995

Actions taken to implement recovery plans

Darwinia biflora

To offset the loss of threatened plant *Darwinia biflora* due to the development of the Lindfield campus of The University of Technology Sydney (UTS), now under the management of Defence Housing Australia, an agreement has been signed whereby Council is undertaking management actions to protect the plant species in perpetuity at two other *Darwinia biflora* sites. These two sites are: Berry Park, Mount Colah (owned by Council) and Ern Holmes Oval, North Epping (Crown Reserve). The agreement was signed by Council's General Manager in August 2010.

The Department of Sustainability, Environment, Water, Population and Communities granted consent to the proposed development and provided conditions of approval. Condition 2 required the placement of restrictive covenants on the lands to provide surety that the lands would remain for conservation purposes thus protecting the plant species. During 2015/16 Council assisted in the implementation of the management plans in accordance with Condition 3 of the approval.

Berry Park and Ern Holmes Oval are both identified in the NSW Draft *Darwinia Biflora* Recovery Plan.

Eastern Pygmy-possum

The Priority Action Statement for the Eastern Pygmy-possum (*Cercartetus nanus*) identifies the need to conduct field surveys to delineate distribution and key populations.

With assistance from State Forests and Aquila Ecological Services, the survey of Eastern Pygmy-possum continues at 12 sites between Laughtondale and Mount Kuring-gai, where nest boxes are checked weekly. The species has been recorded at five sites including Berowra, Maroota, Cowan, Mount Kuring-gai and Berrilee.

The program will continue in 2016/17 and will incorporate the use of other remote sensing techniques including infrared camera and song meter.

Voluntary Planning Agreements

There were no Voluntary Planning Agreements executed during 2015/16.

ACHIEVEMENTS

- The Healthy Living Festival was again held over four Weeks in April, offering over 70 events. The festival is run by Council in collaboration with community groups, and is designed to help residents get active and explore ways to improve their lifestyles

TOTAL	314,330

Council received \$67,208 from the Office of Local Government Companion Animals Register Funding.

Impounding facilities

Council's pound provider is Hawkesbury Companion Animal Shelter located at Mulgrave which is owned and operated by Hawkesbury Council.

The majority of animals transferred to the pound at Mulgrave have no microchip or the registered details are incorrect and the owner is not able to be identified.

The pound data collection return was lodged in July 2016.

Strategies in place to seek alternatives to euthanasia for unclaimed animals

The holding facility at Council's Depot enables animals to be temporarily held while officers investigate all available options to find the owners.

Council has arrangements in place with local vets to hold animals temporarily. This allows after hours pickup by local owners. Council also maintains a lost and found register to assist owners to find their animals and for them to be returned home.

Off-leash areas provided in the council area

Hornsby Shire has six full-time off-leash areas for exercising and training dogs. The areas are fully fenced with double gates at all entrances and have waste bins, dog waste bags and water. These areas are extremely popular with dog owners and heavily used.

These areas are:

- Asquith Park, Rotherwood Street, Asquith
- Crossroads Reserve, corner Turner and Berowra Waters Roads, Berowra Heights
- Greenway Park, Shepherds Drive, Cherrybrook
- Rofe Park, Galston Road, Hornsby Heights
- Ruddock Park, Eucalyptus Drive, Westleigh
- Dawson Street, Thornleigh.

Lyne Road Reserve in Cheltenham is an unfenced off leash area. This site has water, waste bags and a bin provided.

Two other sites are available. At both of these sites, dogs must be kept on a leash during organised sport and games:

- Epping Oval, Norfolk Road, Epping (Penalties apply for dogs running onto turf wicket square)
- Ron Payne Reserve, Woods Street, North Epping

Both of these facilities have oval perimeter fencing, water and dog waste bags.

Dog attacks

Data is lodged through the NSW Companion Animals Register.

Education

Council provides information sheets on the following topics and this information is also available on Council's website.

- Micro chipping and registration
- Responsibilities of dog owners
- Controlling nuisance barking
- Noise nuisance from barking dogs
- Keeping of cats
- Wildlife protection areas.

Education resources provided by Council include the mascot 'Chip'. Leaflets, stickers, reward and warning cards are distributed to letterboxes, handed out by companion animals staff, provided on request to local residents and included in warning letters.

'Chip's Puppet Show' was developed to assist in the education of pre-school children on dog safety, in particular how to meet and greet a dog safely.

Council-'Chip' pooch pouches are provided free of charge.

Two educational videos showcasing a rapping puppet dog have been developed and placed on Council's YouTube channel. The first video 'Scoop Dogg' provides a serious message about pet safety. The second video "Scoop that Poop" is aimed at owners picking up their dog's waste.

Strategies in place to promote and assist the desexing of dogs and cats

Council encourages desexing prior to registration. Owners are provided with extra time, on request, to have animals desexed so as to receive the benefit of the reduced registration fee.

Information on desexing is available from Council's website. The National Desexing Network and RSPCA programs are also promoted on Council's website.

MY COMMUNITY

Community Grants and Sponsorship

Council adopted a Policy relating to Community Grants and Sponsorship on 9 September 2015 which provides a framework to manage cash grants and in-kind sponsorship requests. Under the Policy there are six programs with funding streams available:

1. Community Event Partnership Grant

To provide seed funding to community driven, event based initiatives with a view to events being sustainably delivered by the community over time. A total of \$60,000 is available per annum capped at \$10,000 per annum per applicant organisation.

2. Venue Support Program

To support community not-for-profit groups utilising community and cultural facilities and parks to participate in fundraising activities for registered charities. A total of \$17,000 is available annually by way of fee waiver applications.

3. Fee Waiver Requests for Waste Services

To support community not-for-profit groups, charities, churches and schools to provide activities that encourage participation in social, creative, cultural and community driven events and activities. A total of \$5,000 is available annually by way of application.

4. Fee Waiver Requests for Council Health, Building and Planning Services

The program is available by application and will be applied to assist:

- not-for-profit local community based organisations that provide a community benefit
- Council with some of its own projects and activities
- in resolving issues that may have a potential risk or liability for Council.

5. Mayor's Youth Trust Fund

To support young people participating in representative activities on a regional, state and international basis. A total of \$3,000 is available annually, capped at \$250 per grant.

6. Emergency Relief Fund

To provide financial support to communities affected by natural disasters, awarded by a resolution of Council. A total of \$5,000 is available annually.

For information on Council's financial assistance and support programs visit:

Council's assets

Assets deliver important services to communities. A major issue facing local governments throughout Australia is the management of ageing assets which are in need of renewal and replacement.

Key assets requiring attention

Hornsby Station Footbridge

The Hornsby Station Footbridge, which was built in 1980 to link Hornsby Station with the east side of the Hornsby CBD, is now dilapidated and at full capacity. The bridge is used by 15,000 people every day.

The State Government and Council have entered a funding partnership for the construction of a new footbridge which will cost \$7 million. The new bridge will be 4.5 metres wide - more than double the current bridge - and its traffic clearance will be increased to 5.5 metres. Also included will be two elevators and an extension of Hornsby Mall to George Street.

Construction of the bridge is well underway and pedestrians are expected to use the new footbridge with access via a temporary ramp from mid October 2016, at which point the demolition of the old bridge will begin.

Stormwater levies

Council has had no annual charge levied for stormwater management services.

Rates and charges written off

During 2015/16 the following rates and charges were written off under the Local Government (Rates and Charges) Regulation 1993:

	\$
Pensioner rates	1,771,196*
Non-pensioner rates (postponed)	9,712
Interest (postponed)	4,994

* 55% of this is recovered from the State Government

External bodies exercising Council functions

In accordance with the Local Government Act 1993, the statement of 'external bodies' is limited to those organisations which exercised functions delegated by Council. In 2015/16, there were no 'external bodies' exercising functions delegated by Council.

Council has entered into a service agreement with the Rural Fire Service outlining roles and responsibilities of the respective parties.

Controlling interest in companies

Council did not hold a controlling interest in any company in 2015/16.

Partnerships, cooperatives and joint ventures

Council was a party to numerous relationships during 2015/16. These are documented throughout this report so as to retain the context in which the relationship occurred.

EEO Management Plan

Hornsby Shire Council is an Equal Employment Opportunity (EEO) employer whose practices aim to ensure that the workplace is free from illegal discrimination, including bullying and harassment.

From July 2015, examples of already completed actions from the current EEO Management Plan include:

- A representative Equal Employment Opportunity Advisory Committee was in place for the full year, and met three times throughout the year on current and relevant EEO issues
- Continued progress of the current EEO Management Plan for 2014–2016
- Induction training, incorporating EEO principles, of 59 new staff
- Inclusion of two EEO articles in the two editions of the staff newsletter, 'Our Chat'
- Offering 24 places to work experience students
- Attendance at four induction sessions by an EEO Advisory Committee member to raise awareness of the EEO Advisory Committee and the availability of support for staff in the area of EEO
- Conducting and monitoring of exit interviews by the People and Culture Branch for EEO implications, and actioned appropriately where required. Copies of all exit interviews have also been forwarded to the General Manager and relevant Divisional Managers, and also to Branch Managers where requested by the employee
- Availability of an extensive array of internal and external training courses offered to all employees within Council. Additionally, all training courses offered are non-discriminatory and consistent with EEO principles
- Successful implementation of our third 'Taste of Harmony' event, celebrating workplace diversity and cultural differences.

MY COUNCIL

Compliance with the NSW Carers (Recognition) Act 2010

The NSW Carers (Recognition) Act 2010 recognises the significant contribution that carers make to our community. As a public sector agency, Council is required to report annually on its compliance with the Act.

Educational Strategies

Implemented in the last 12 months to:

- a) *raise staff awareness of the Act, Carers Charter and carers and*
- b) *to ensure that staff reflect the principles of the Carers Charter in their work*

Council's management team is aware of the range of working options and leave entitlements available to employees, which can be especially helpful to employees with carers responsibilities. Where an employee needs some flexibility for carers responsibilities, the People and Culture Branch readily advises them and their managers on the options available. Each matter is considered on a case by case basis, to ensure that special circumstances are taken into consideration.

Council promotes RUOK Day every year, focusing on the mental health of staff and offering support to anyone that may need it, including staff who have carers responsibilities.

The NSW Carers Charter is available on Council's intranet.

Consultation and liaison with Carers

Policies and initiatives that impact on carers that have been developed or implemented in the last 12 months

Some initiatives implemented for the Hornsby Shire community in the past year include:

- **Grandparent Carer Support Group:** monthly meetings facilitated by Council. The group meets to discuss specific issues and needs of caring permanently for grandchildren. Council staff support the group by arranging and attending meetings, connecting the group with training opportunities, giving advice, information and referrals.
- **Carers Support Group Art Exhibition held 13 to 18 October 2015:** hosted at Council's Wallarobba Arts and Cultural Centre in partnership with Northern Sydney Area Health, celebrating the valuable work of carers in the community, and featuring artwork created by carers in the Northern Sydney Local Health District (22 artists, 60 artworks).
- **Access and Social Justice Consultative Group:** advocates for people with a disability, grandparents, carers and people from a culturally and linguistically

diverse background. The group is consulted on a range of projects.

- **Home Modification and Maintenance Service:** delivered to more than 1,000 clients, providing services for those who are frail, aged, people with a disability and their carers.
- **Home and Community Care Support:** programs were assisted by Council hosting quarterly forums to help services to network, find out the latest industry information and manage changes to the sector.
- **International Day of People with a Disability:** in partnership with Hornsby's Studio ARTES to mark International Day of People with a Disability, 'Ride a Day in My Wheels' was celebrated with an event in Hornsby Mall on Saturday 5 December 2015. Studio Artes Ride and five other disability organisations participated, including Ability Options, CatholicCare, Mobility Engineering, Achieve Australia and Ability Links.
- Promoted **Dementia training courses** for carers April 2016.
- Carers of people with a disability - **Planning for the future**, Will, Power of Attorney and Appointments of Enduring Guardian workshop held February 2016.

Staff who are carers

a) How human resource (HR) policies support staff who are carers

Council continues to comply with the Carers (Recognition) Act 2010 through its Sick and Carers Leave Policy and flexible work practices. Employees are afforded access to flexible work practices wherever possible to accommodate any carer's responsibilities through:

- the use of flex time, including flexible start and finish times, and a nine day fortnight
- the ability to work from home where operations allow
- access to annual, long service, and carers leave as well as leave without pay where necessary
- part time work
- health and well-being leave.

b) Changes made to HR policy or practice to improve this support

As well as the flexibilities afforded to carers as outlined in the Local Government (State) Award 2014, the requirements of carers are considered on a case by case basis where more generous arrangements are requested. These are accommodated where possible.

The Local Government (State) Award 2014 has also introduced more generous allowances for Bereavement Leave for certain classifications, which have been adopted by Hornsby Shire Council.

MY COUNCIL

Special variation expenditure

Catchments Remediation Rate

The Catchments Remediation Rate (CRR) is levied at five percent of Council's ordinary rate income on properties throughout the Shire. All modified catchments impact on water quality and benefit from environmental and water quality improvements, in terms of improved quality of life for ratepayers. In 2015/16, income received from the CRR special rate was \$3.23 million.

The Catchments Remediation Program for 2015/16 identified locations across the Shire where water quality improvement initiatives were to be constructed and installed. In 2015/16, 14 catchments remediation capital works projects were completed at a total cost of \$1,709,000. These works involved the construction of two end-of-pipe biofilters, three raingarden projects, completion of a biofilter/stormwater harvesting system, four underground vault gross pollutant traps, three trash racks and a creek remediation project.

The program also supports a number of pollution prevention initiatives such as water quality monitoring and research, environmental education, riparian remediation, street sweeping, emergency spill response and pollution regulation.

In addition to the pollution treatment and prevention initiatives, the CRR funds ongoing works associated with the maintenance of water quality control devices. In 2015/16 these costs included \$440,000 to have contractors clean and maintain these assets and adjacent landscaped areas. This included the removal of 1,013 cubic metres of sediment, litter and organic matter together with bush regeneration and landscaping activities on over 12 hectares of land adjacent to the assets.

Special Rate Variation 2011/12 - 2013/14

The Independent Pricing and Regulatory Tribunal (IPART) is responsible for setting the amount by which councils in NSW can increase their general rate income each year referred to as the rate peg. Councils can apply to IPART for a special rate variation, which allows councils to increase their general rate income by more than the rate peg amount.

On 10 June 2011, IPART approved Council's application for a special rate variation (SRV) under Section 508A of the Local Government Act 1993 to fund the 10 year infrastructure program proposed in the application.

The special variation was a cumulative increase in rates inclusive of the rate peg over three years.

	Year	Approved increase in general income (%)
Y1	2011/12	7.8
Y2	2012/13	6.0
Y3	2013/14	4.0

IPART requires that Council report in its annual report for each rating year over the period from 2011/12 to 2020/21 on:

- Significant variations from financial results as forecast in the Long Term Financial Plan and corrective action taken
- Asset renewal and maintenance expenditure
- Productivity savings achieved
- Expenditure on special variation infrastructure program
- Outcomes achieved as a result of the special variation.

Following is the detail for 2015/16.

Long Term Financial Plan Review

A Long Term Financial Plan (LTFP) is a requirement under the Integrated Planning and Reporting Framework for NSW councils and forms part of the Resourcing Strategy under that framework.

Council's LTFP was developed covering the financial periods 2014/15 to 2023/24. The LTFP's purpose is to define the financial direction of Council and assist in determining financial issues at an early stage.

This Plan has been reviewed by the NSW Treasury Corporation who has assessed Council as being financially sound. Due to a boundary adjustment with the City of Parramatta Council announced by the NSW Government on 12 May 2016, revised financial estimates are currently being prepared.

MY COUNCIL

The following sections provide summary financial information on the actual financial performance of Council over the 2015/16 financial year against key financial indicators listed within the LTFP.

Financial Statement Comparison

The actual results, which have been externally audited, are within acceptable limits of the LTFP forecasted indicators. No corrective action was required.

	Actual \$'000	LTFP \$'000
Income Statement		
Total income	191,475	153,477
Total Expenses	121,830	(130,189)
Net Operating Result Surplus before boundary adjustment	69,645	23,288
Balance Sheet		
Total Current Assets	134,148	65,960
Total Current Liabilities	(41,347)	(24,346)
Total Non Current Assets	1,434,290	1,451,395
Total Non Current Liabilities	(3,956)	(5,945)
Total Equity	1,523,135	1,487,333

Other Financial Information	Actual	LTFP
Unrestricted Current Ratio	4.02: 1	3.43: 1
Outstanding Rates and Annual Charges	1.83%	3.05%
Operating Performance Ratio	10.73%	2.93%

The Net Operating Result prepared in accordance with relevant accounting standards achieved a better than anticipated result when compared to the LTFP forecasts. This was largely due to receiving higher than anticipated investment income and Section 94 Development Contribution fees. Total expenses were lower than forecasted due to a 'freeze' on non-labour related expenses, reduced workers compensation premium, lower employee leave entitlements and a reduction in depreciation expense.

The Balance Sheet result compared to the forecasted LTFP meets acceptable financial benchmark levels. Material variances to forecasted LTFP estimates include:

Current Assets

Actual cash balances higher than expected largely due to Section 94 Development Contribution fees.

Current Liabilities

Payables higher than forecasted due to monies required to be transferred to the City of Parramatta Council from the recent boundary adjustment.

More detail about Council's financial statements and key financial indicators can be found at hornsby.nsw.gov.au/council/about-council/corporate-documents-and-reports/financial-statements.

Productivity Savings

Council's SRV application for 2011/12 was predicated on the basis that savings of at least \$1,450,000 per annum would be achieved across the organisation in 2011/12 and future budgets to contribute to the achievement of the program of works/services detailed in Council's application. Savings/productivity achieved to date are:

- Savings of \$1,450,000 per annum from a reduction in labour and non-labour expenses during 2011/12. Labour savings were determined from an independent review of Council's internal services. This achievement was reported to Council in business papers GM22/11 on 16 November 2011 and GM8/12 on 15 February 2012
- The 2012/13 Annual Budget was formulated on an estimated \$2 million of savings identified from an independent review of Council's external services. The savings result from a combination of a reduction in staff numbers and non-labour related expenses. This achievement was reported to Council in business paper GM/12/12 on 20 June 2012
- A general freeze on any increase to non-labour operational expenditure unless grants and/or fees and charges can support an increase. In 2014/15 this resulted in costs being contained to a 1.1% increase. This initiative was again applied to 2015/16
- Total net savings of \$3 million over the 2012/13 financial year predominately from higher investment income, reduced statutory levies than originally forecasted and the review of non-labour expenditure. These savings were set aside at 30 June 2013 in a restricted asset to be applied to reducing debt that otherwise would have been required in the 2013/14 financial year. This achievement was reported to Council in business papers CS21/13 on 15 May 2013 and CS38/13 on 18 September 2013

MY COUNCIL

- Council business paper CS23/12 on 21 November 2012 reported on the need to borrow \$8 million towards the construction of the new Hornsby Aquatic and Leisure Centre over the 2012/13 and 2013/14 financial periods. Savings identified above were able to be applied to the construction of the new Centre and reduce external loan borrowing to \$2 million
- As a consequence of applying savings to reduce external loan borrowing by \$6 million for the new Hornsby Aquatic and Leisure Centre, significant annual debt servicing costs have been avoided. This has been estimated on a 20 year loan repaying principal and interest at \$513K per year.
- In April 2013 Council resolved to tender for the management of Aquatic Centre Operations to ensure the facilities are delivered as efficiently and effectively as possible. This was reported in Council business paper IR14/13 on 17 April 2013. The business paper made reference to the existing subsidies provided to the Epping and Galston Centres totalling \$640K. Based on the outcome of this tender the subsidy is forecasted to be reduced to \$112K by the end of 2015/16. In addition, the new Hornsby Aquatic and Leisure Centre has been forecasted to generate an operating surplus by the end of 2015/16
- A one-off capital saving of \$505K achieved from implementing changes to the purchase and sale of vehicles. This achievement was reported to Council in business paper CS53/13 on 20 November 2013
- Reduced expenditure of \$191K per annum was achieved by a review of childcare services during the 2013/14 financial year. This achievement was reported to Council in business paper GM53/13 on 20 November 2013
- Increased development application income over prior years of approximately \$1 million
- 2014/15 was the first year of operation of the newly built Hornsby Aquatic and Leisure Centre. In both 2014/15 and 2015/16, financial targets set out in the tender for the facility were met.

Special Rate

Council's application for a SRV was required to replace the Hornsby Aquatic Centre, replace the Hornsby Station Footbridge, provide additional indoor sports facilities and increase asset renewal expenditure on ageing infrastructure.

Construction of the new Hornsby Aquatic and Leisure Centre has been completed and became available to the public in August 2014.

The Hornsby Station Footbridge project secured two thirds funding from the NSW Government. The Footbridge became available for public access on 18 October 2016.

The requirements and options for additional indoor sports facilities are being assessed.

Listed below are asset renewal expenditure categories that received additional funding from Council's SRV in 2015/16. Any SRV budgeted funds that were unable to be spent in the 2015/16 year are set aside in a restricted asset to be spent in following years.

Asset category	2015/16	
	SRV budget allocated	Actual spent
	\$	\$
Local Road Improvement Program	100,000	100,000
Footpath Improvement Program	150,000	145,313
Drainage Improvement Program	1,300,000	1,284,279
Foreshore Facilities Upgrade Program	80,000	80,000
Open Space Assets Program	1,900,000	1,829,484
Hornsby Station Footbridge	820,000	174,319

The Works Program for the special rate variation also allows for at least \$100,000 per year to 'match' State Government funding for cycleway projects.

During 2015/16, Council was involved in construction of two cycleways:

- a shared cycleway/road at Berowra Waters Road, Berowra Heights (Stage 3)
- stage 2 of a shared cycleway/footpath at Brooklyn Road, Brooklyn (completed in July 2016). Roads and Maritime Services (RMS) provided 50% funding (\$160,000).

The review and update of the Hornsby Shire Bike Plan is still underway and is now due for completion by mid 2017.
