Our program has a strong performing-arts focus with concerts each term to celebrate children's achievements with families. It supports children in developing multiple intelligences. It inspires children to become musical, to develop kinesthetic abilities, and to be confident around people. Since the early years can be challenging at times for parents, children and teachers we have developed an EQ (Emotional Intelligence) program along with rest and meditation time for children to develop resilience, self-control, awareness, kindness and to become proud and helpful children. Pennant Hills Preschool is a fun place, home away from home. Set behind a cottage home with a farm-like playground with chickens, guinea pig, banana and bamboo plantation, eco cubbyhouse veggie gardens and a repair workshop for children. On top of all this, a preschool bus to take children on regular excursions to the library, soccer and athletic oval, bike track, wildlife park and even to the zoo.
