SUMMARY

This report details the parking implications of the proposed temporary “Works Zone” in Derby Road, to accommodate construction for Hornsby Ku-ring-gai Hospital.

SUBJECT

Council has received a request from “Watpac Constructions” for a temporary “Works Zone” in Derby Road, Hornsby. The construction activity is associated with approved demolition and construction of new facilities for Hornsby Ku-ring-gai Hospital.

It is proposed that a 50m Works Zone be provided along the eastern side of Derby Road to accommodate deliveries and construction vehicles during construction which has commenced at the site and is required for a period of 95 weeks.

This area is currently posted as a 2P (two hour) parking zone. Parking demand in the area is generally high due to the hospital. Providing the temporary “Works zone” along the site’s frontage will minimise disruptions to traffic when delivery vehicles arrive at the construction site. The nine 2P (two hour) parking spaces affected by the Works Zone will be temporarily relocated north along Derby Road to maintain availability of short term parking near the hospital.

PUBLIC CONSULTATION

No consultation is required as the location of the proposed “Works Zone” is along the frontage of the hospital’s construction site.

RECOMMENDATION THAT

1. 50m long “Works Zone 7am – 5pm, Monday-Saturday” be approved for installation at East side of Derby Road, between Burdett Street and Lowe Road, Hornsby; for the duration of the construction activity.
2. Nine 2P (two hour) 8.30am-6pm, Mon-Fri, 8.30am-12pm Sat parking spaces be provided in Derby Road, north of the works zone for the duration of the construction activity.
