

# School Zone Road Safety Resources

Council now provides all school zone traffic and road safety educational resources electronically. If your school wishes to distribute printed copies of these resources to your community, you can download and print these directly from Council's website. Council no longer provides these resources in hard copy.

To download these resources, visit: [www.hornsby.nsw.gov.au/schoolzoneroadsafety](http://www.hornsby.nsw.gov.au/schoolzoneroadsafety)

## Parking and traffic rules in school zones / Safety tips for school zones

This double sided A4 document provides an easy to read quick reference guide to the important road safety rules within school zones while also explaining why the rules are there.

Safety tips for school zones and students are provided in an illustrated and easy to understand format in a downloadable (PDF) format.

Available to download in English, Korean and Simplified Chinese.

## Parking Rules / Safe Walking Tips

This variation on the Parking and Traffic Rules flyer provides illustrations on parking legally around intersections, driveways and bus stops.

Traffic signage is also explained and safe walking tips are provided to get students to and from school safely.

Originally developed for high school students who drive to school, this information will also help parents and carers park legally and safely.

Available to download in English, Korean and Simplified Chinese.

## School Travel Ideas guide

This guide offers school communities alternative, sustainable and safe travel solutions for students. Providing parking for every vehicle that needs to access schools is no longer feasible due to the lack of available road space and increasing vehicle demand.

Many of the ideas in this guide will not only assist in alleviating the congestion issues within your school zones, they will also provide opportunities for learning, exercise and encouraging children to be independent and road safe.

To download these resources, visit: [www.hornsby.nsw.gov.au/schoolzoneroadsafety](http://www.hornsby.nsw.gov.au/schoolzoneroadsafety)

Council also has a limited supply of educational fence banners, No Parking zone (Drop-off & Pick-up Areas) pole wraps and corrugate fence posters. If you are interested in obtaining any of these items, please contact Council's Road Safety Officer directly to discuss further.
