'Good Question: A Tale Told Backwards' – Beanstalk Craft

Instructions:

1. Colour in the leaves and the fox then cut them out
2. Curl a piece of green construction paper into a cylinder shape and glue it together (if you don't have green paper you can colour in a white piece of paper)
3. Glue the leaves to the beanstalk and place the fox down the bottom – do you think he'll find something to eat for dinner at the top of the beanstalk?!!
