

WISEMANS FERRY RECREATION RESERVE PLAYGROUND UPGRADE AND VILLAGE GREEN

CONSTRUCTION UPDATE STAGE 2 OF MASTERPLAN

Council is commencing works on the Village Green. Initial works will include a path connection from the playground to the amenities block.

The proposed Village Green works include:

- Removal of the existing hardstand area that was installed to enable construction works
- Installation of picnic seating and shelter
- New tree plantings and circulation pathways
- Repair works to the tennis court following flood damage including resurfacing and fencing
- Fencing to the playground and Village Green
- Swale bridge connection to amenities block

Shade tree planting to the playground and Village Green will be held back to the more favourable planting season in March.

Proudly funded by the NSW Government in association with Hornsby Shire Council
